Last Concert of Season In The Open Air

Spanish Music and Costumes
to Lend Gay Fiesta
Atmosphere

Choir of First Congregational Church to Offer Inter- esting Program

Spanish music with its alluring
seductiveness and romantic flavor,
will feature the last concert of
the open-air series at the City
Park tonight when the choir of the
Congregational Church makes an
appearance not only in Spanish
song but in costumes modeled
after the raiment worn by gay
gallants and dark-eyed señoritas
of Old Madrid.

With the opening of the school
year and the usual awakening of
fall social activities, the time of
the individual members of the
choir has been fully occupied,
and it has required much self-denial
on the part of the members
to prepare tonight's program.
The choir is composed of Misses
Percy Kortkamp, E. E. Bacon,
Donald C. Ashmore and Miss Ger-
trude Cook, Messrs. J. E. Heasley,
Joe R. Eastwood, Jack and David
Buchan. Mrs. Myrtle Hull is accom-
panist and director of the choir.

Nevertheless, indications point
to its being one of the most pleas-
ing concerts of the entire series.
Not only will many of the well-
known musicians of the city ap-
pear on the program, but an in-
strumental trio of very capable
musicians will make a first
concert to a Sierra Madre audience.
The personnel, Miss Catherine Mc-
Coy, Howard and Leroy Mc-
Coy, daughter and sons of Dr.
Mrs. M. R. McBurney, who re-
cently completed a beautiful
concert on West Central. The
musicians are high school
students, though Howard McBurney
is "rated" good enough to be
member of the famous Golden
Band. They are all very
able musicians.

An additional treat is prom-
ised in the appearance of twelve
little sons and daughters of Old
Mexico, who will sing a group of
the delightful folk songs that are
again becoming so popular in
sunny Southern California.

The group is composed of Car-
barra, Ester Haufen, Thesa-
era, Amalia Becerra, Rosa Na-
Victoria Ballesteros, Carlos
afen, Alberto Becerra, Ezekiel
mez, Salvador Salazar, Angel
de and Alfred Portillo.

They will wear gay animation to
the stage setting.
Owing to the fact that the
nights are the least bit sharp and
the lawn on the north side of the
Park House is usually too damp
to permit of comfort, especially
to those who are forced to stand
through the programs, the commit-
tee decided to use the patio on
south side of the building for
entertainment. The set-
ting itself readily to the
live scheme suggested by
the nature of the program, while
under the big pepper
tree found dry, and less
to the chilly breezes.
benches will be placed
convenience of the audi-
ence and early arrivals will
be assured of comfortable
seats. The effort will be made to
provide additional chairs, with the
that all can be ac-

modated.

Dinner to Be Served Before Lodge Meeting

Dinner in the temple banquet
hall will precede the stated meet-
ing of the Masonic Lodge next
Tuesday night. J. N. Hawks,
master of the lodge, extends a
cordial invitation to all Master
Masons to attend the dinner,
which will be served at 6:30 sharp.
There will be no charge, and new-
comers are especially urged to
come out and get acquainted. It
will greatly aid those in charge if
all who plan to attend will phone
Mr. Hawks by Monday, Exchange
2, during the day, or Green 148
after 5 o'clock. A full attend-
ance is especially desired for the
stated meeting of the lodge.

Last Tuesday night the degree
of Master Mason was conferred
upon H. J. Rich and John F.
Brain. The lodge meeting was
largely attended, with an unusual
number of visitors from other
lodges.

Job's Daughters Moreland Is Legion Head Coming Year

Next Wednesday night, October
5, the ritual of the Order of Job's
Daughters will be exemplified by
the Monrovia Bethel. This is a
comparatively new order for the
daughters of Master Masons who
are not old enough to be eligible
for the Order of the Eastern Star.
Their ritual is said to be very
interesting. The Monrovia unit
was formed last year.

Officers of Sierra Madre Post
No. 299 of the American Legion
were elected at the regular meet-
ing last week as follows: Com-
mander, R. K. Moreland; first vice
commander, R. O. Calkin; second
vice commander, Robert E. Stein-
berger; finance officer, H. C.
Reavis; chaplain, Father Edwin
Ronan; sergeant at arms, Mr. Co-
fey; historian, Henry Olsen. De-
licious refreshments were served
at the close of the meeting by
the members of the Auxiliary.

Installation of officers will take
place in the park house on Thurs-
day, October 13. The installing
officer will be Captain A. B. Wad-
dingham of Post No. 8, Los Ange-
les, acting department commander.

The entertainment committee is
already at work upon plans for
the Armistice Day carnival and
dance. They promise it will be
bigger and better than ever.

Monday, October 3, has been set
aside as Legion Sale Day at the
McLellan Department Store. Mr.
McLellan is offering special prices
on many lines and the Legion will
share in the proceeds, for the bene-
fit of the relief fund.

Activities of Club Year to Started Soon

The first meeting of the Sierra
Madre Woman's Club, opening the
new year's activities, will be held
on Wednesday, October 12. Mrs.
Fletcher H. White, president, will
be in charge. Luncheon will be
served at 12:30. Please phone
your reservations in by Monday
noon preceding the Wednesday of
the luncheon, to Mrs. J. C. Dick-
son, tel. Red 68. The speakers
of the day will be announced in
next week's Sierra Madre News.

This year the club members are
to be offered a splendid oppor-
tunity, both educational and enter-
taining, in having Mrs. Jack Val-
ley, curator of the literature de-
partment of the Los Angeles
Ebell club, who will give a series
of lectures or lessons on book
reviews for the newly organized
Literature Section. Mrs. E. E.
Bacon has been named as chair-
man of the section which met for
organization Wednesday afternoon
in the Osgood Room. Mrs. Nestor
Young was elected assistant chair-
man and Miss Virginia Jones sec-
retary and treasurer. There were
thirty-one enthusiastic members
present.

This course of lessons is offered
to non-members at a price of \$4
for the lectures. The Arcadia,
Michilinda and Lamanda Park
club members are to be offered
the advantage of this course at
the same price it will cost Sierra
Madre members. The section will
meet on the fourth Wednesday of
each month at 10:30 a. m.

Mrs. Walter Poehler received
the sad news of the sudden death
of her mother, Mrs. Charles R.
Davis, which took place in Hayti
where she was visiting a son. She

man Davis of St. Peter, Minn.,
and lived many years in

Canyon Site City's Great Opportunity

Distinguished Visitor Lauds
City Upon Its Splendid
Undertaking

More Offers of Planting Ma- terials Received by Officials

On interested visitor to Bailey
Canyon this week was James A.
Hays of Tacoma who has been
visiting his sister, Mrs. Fred Staff.
Mr. Hays is president of the met-
ropolitan park board of his home
city and was delighted with the
proposal to establish an arboretum
in Sierra Madre. He accom-
panied Secretary W. R. Hum-
phries of the Sierra Madre Botani-
cal Society on an inspection tour
of the canyon and heard with in-
terest the plans that have been
outlined for the canyon by lead-
ing botanists.

Even if the arboretum project
is never carried to as large a
scale as has been proposed, Mr.
Hays says the city of Sierra
Madre is to be congratulated upon
the undertaking. It is worth a
great deal to people and to the
community merely to develop a
capacity for vision and in his
opinion the work already done up-
on this project has without doubt
been of great benefit to Sierra
Madre already.

Further offers of planting ma-
terials have recently been received
by Mr. Humphries. From an in-
creasing number of sources come
evidences of a desire to cooperate
in bringing the arboretum idea to
actual development.

Plans for a complete topograph-
ical map of Bailey canyon are in
course of preparation by R. W.
Buck, assistant city engineer. In
company with Arthur Johnson and
Arthur Carter Mr. Buck made a
tour of the canyon a few days
ago. It is planned to have the
surveys made by a volunteer staff,
the expense of such a detailed
study at ordinary engineering
rates being prohibitive. With a
topographical map to work from,
the detailed studies and planting
schemes will be worked out by the
arboretum committee which is
headed by Frank Shearer, super-
intendent of parks for the city of
Los Angeles.

FREE CLINICS WILL BE HELD AT HOSPITAL

Dr. G. W. Groth announces a
free clinic to be held in the base-
ment of the Sierra Madre Hos-
pital on Monday and Thursday
evenings from 7 to 8 o'clock, be-
ginning next Monday, October 3.
This clinic is intended for the
benefit of those who have had
their pocketbooks wearied by con-
tinued misfortune or adverse cir-
cumstances. It will also afford an
opportunity to demonstrate the ef-
fects of physiotherapy in some of
the more obscure ailments. The
invitation is to "come and bring
a friend."

Passes Away Here After Long Illness

Mrs. O. W. Billon passed away
on Sunday at 306 West Highland
where she had resided for some
time past. She is survived by her
husband who arrived from their
former home in Alaska only the
day before her death, and also by
a daughter, Mrs. Clara Scribner
of Los Angeles. Funeral services
were held Wednesday from More-
land Mortuary, being conducted
by Rev. A. O. Pritchard. Inter-
ment took place at Mountain
View cemetery.

War Veteran Taken to Sawtelle Hospital

Lloyd Andrew, 78 South Hermo-
sa, world war veteran, was re-
moved to the United States hos-
pital at Sawtelle yesterday. His
condition is reported to be crit-
ical. His mother will remain here
for the present.

The Ladies Aid Society of the
First Congregational Church will
meet with Mrs. C. W. Jones, 49
East Alegria, on Tuesday, October
4. This is the first social gather-
ing of the season and a large at-
tendance is expected. Mrs. Bur-
bank, who with her husband, has
recently completed a world tour,
will probably be present. Mrs.
Jones will be assisted by Mmes.
Hull, Franklyn Swift, Nestor
Young and Miss Holden.

NIGHT CLASSES AT HIGH SCHOOL OPEN TO ADULTS

Evening classes in many sub-
jects are now being formed at the
high school. These classes are
open to adults as well as to the
younger students and a great
many grownups are taking ad-
vantage of the opportunity to
supplement their education or
brush up on subjects in which
they are rusty. Miss Elizabeth
Steinberger, superintendent of the
local school, has placed leaflets
giving the courses of study at the
Sierra Madre Garage and at the
Humphries real estate office for
those who are interested.

Mrs. Zayda Leonard of the Si-
erra Madre school, conducts the
classes in millinery at the high
school Monday and Wednesday
nights from 7 to 9 o'clock. These
night classes at high school are
free to all residents of the dis-
trict.

Mrs. Russell Beaudry, formerly
Miss Bernadette Brown, passed
away at the home of her mother,
Mrs. Kate Brown, 1835 West 41st
Place, Los Angeles, on Sunday.
Funeral services were held on
Thursday in the Little Church of
the Flowers in Glendale. Mrs.
Beaudry resided in Sierra Madre
several years and had many
friends here.

Police Chief Augments The Force

Boys Will Help to Make City
School Crossings Safe for
School Children

In keeping with his announced
intention of making the streets of
Sierra Madre safe for school chil-
dren, Chief of Police E. H. Keegan
has selected an able corps of
traffic officers who will be on
duty during school hours to see
that careless motorists observe
the proprieties at school crossings.

Each of the new traffic officers
has been provided with a bright
red flag to signal oncoming mo-
torists and as a badge of author-
ity each wears an arm band with
an appropriate design, furnished
by the Auto Club of Southern
California. The officers will have
full authority at school crossings
and motorists are cautioned to
heed any orders that may be
given.

The officers and their "beats"
are as follows: Buster Thomas,
Central and Hermosa; Graham
Patterson, Highland and Hermosa;
Jack Brockway, Highland and Au-
burn; George Otte and Henry
Nuetzel, Catholic School.

The youthful officers went on
duty Tuesday morning and are
already functioning like seasoned
veterans.

LIFE OF JOHN MUIR IS TOPIC FOR SERMON

Next Sunday evening, Rev. A.
O. Pritchard will begin a series
of book reviews on present-day
topics. The first will be a review
of John Muir by Bade, with
special reference to his religious
life. Here is a man who is re-
cognized as one of the leading
scientists of his day and at the
same time a devout Christian.

A study of how he reconciled
the teachings of science with
those of religion is bound to
throw light on many a present-
day problem.

This will be followed the next
week by a review of "The Out-
lawry of War," by Morrison.

Called to Seaside To Fix Big Clock

To know that one's services are
really needed and appreciated far
from his own home town gives a
man a right to a considerable de-
gree of satisfaction. That is the
way Henry Gregor of the Frei-
burg jewelry store felt when he
received a letter the other day
from Mrs. Ole Hanson, Jr., at
San Clemente, saying:

"Can you come down and fix
that clock of ours? The movers
took it apart?" The clock is a
stately time piece imported from
Sweden and when the Hansons
were residing in Sierra Madre Mr.
Gregor was the only man who
succeeded in making it run. Hence
the appeal for help after the
Hanson household moved to San
Clemente.

Kiwanians Coming For First Meet

Members From Many Cities
To Help Found Local
Organization

Club Has Envious Reputa- tion for Maintaining Spirit

Kiwanis Club members from
several neighboring towns will
meet with a group of Sierra
Madre men at 8 o'clock Monday
night in the Ray Grant chapel at
the corner of Central and Her-
mosa avenues. The visitors from
clubs in Monrovia, Pasadena, Al-
tadena, Alhambra, San Gabriel and
South Pasadena will assist the
local men in organizing a Kiwanis
club here.

Lieut. Governor Robert T. Rad-
ford of this Kiwanis division will
preside and Ernest K. Lucas, in-
ternational field representative,
will have charge of the organiz-
ing. He advises that it is most
important that all the members
of the club be present at this
meeting as officers will be elected,
committee chairmen appointed and
all officers and chairmen instructed
as to their duties. A twelve-
week program will also be
worked out for the new club and
it will start functioning imme-
diately.

Kiwanis has been called a ser-
vice club of pep, power and pur-
pose. It has a most enviable
record of achievement in the Uni-
ted States and Canada. One of the
most remarkable features of this
record is the stability of the clubs,
believed to excel every other ser-
vice organization. The attendance
records of the clubs throughout the
California-Nevada district also
show conclusively that the inter-
est of the members is sustained
in a surprising way.

MISSION WORK ALL-DAY MEET TOPIC TUESDAY

The Woman's Missionary Society
will meet Tuesday, Oct. 4, in
Bethany Hall, beginning promptly
at 10:30 in the morning. The
program: 10:45, Current Events,
Miss Helen King; 11:15, devotion,
Mrs. John Lowe; 12, luncheon;
1:30, business meeting; 2, Mrs.
Jesse Smith, who has spent 24
years in Chili, will speak. This
is to be the first meeting follow-
ing the summer months and ev-
eryone is urged to come and en-
joy the interesting program that
has been arranged.

Residents of Sierra Madre will
have an opportunity to hear an
authorized lecture on Christian
Science, Thursday, Oct. 6, at 12:10
noon, when the lecture of W.
Stuart Booth, C. S. B., of Den-
ver, Colo., is to be broadcast over
KFI from Philharmonic Auditor-
ium, Los Angeles.

Office Is Moved To South Baldwin

Dr. Harold Elk, chiropractor, is
moving his office this week to the
bungalow at 49 South Baldwin.
He has been located since his
arrival here last fall at 71 North
Baldwin Avenue. The new loca-
tion is the second house south of
the new post office and will be
found very convenient by persons
desiring chiropractic treatments.

COUNTY FAIR PRIZES GIVEN LOCAL ENTRIES

Poultry prizes galore were won
by chickens from the northwest
part of Sierra Madre at the Los
Angeles County fair last week.
W. E. Pratt was awarded first
and second ribbons on light brah-
mas, John Kennedy won three
firsts and a third on light brah-
ma bantams, and Howard Tuerck
received all the awards on brown
leghorns.

P. S.—W. R. Humphries was
awarded second prize for his plate
of sapotes, the only local entry
in the fruit department.

Robert Duncan has been as-
signed to Sierra Madre territory
as salesman for the Southern Cal-
ifornia Edison Company. While
he will make his headquarters at
the Monrovia office he will de-
voto a considerable part of his
time to Sierra Madre. He has
previously had experience in sell-
ing electrical ranges and domestic
appliances in Oregon and Wash-
ington, and has not only sold
them but has been a user of cook-
ing and heating appliances for
many years.

EASTERN STAR MEETING WILL BE IMPORTANT

The only October meeting of
Sierra Madre Chapter, Order of
the Eastern Star, will be held
next Monday, October 3. The sec-
ond meeting of the month will be
dispensed with because of the
meeting of the Grand Chapter of
California which will be in ses-
sion the week of October 17.

Several features of interest are
promised by Mrs. Milton Stein-
berger, the matron, for next Mon-
day night. The beautiful obliga-
tion ceremony of the chapter offi-
cers will be repeated at the special
request of Mrs. Sadie Bagby of
Pasadena, deputy grand matron.
Mrs. Bagby will be the guest of
honor for the evening. There is
also important business to be
transacted, and Mrs. Steinberger
specially urges a large attendance.
Members of the order are cor-
dially invited to attend the Wed-
nesday night meeting in the Ma-
sonic Temple when the ritual of
the Order of Job's daughters will
be exemplified by the Monrovia
Bethel.

Sierra Madre To Entertain Valley Group

Sierra Madre will be host to
the October meeting of the Asso-
ciated chambers of commerce of
the San Gabriel Valley Tuesday
night, October 11. The monthly
dinner will take place in the Wo-
man's Club House, the dinner be-
ing served by the ladies.

It is expected from 200 to 250
will be present at the dinner,
tickets having been placed on sale
with all the chambers of com-
merce in the valley. On account
of the limited number of tickets
available for local people it will
be advisable for those who wish
to attend to make reservations
with Secretary Brooks or Presi-
dent Humphries of the chamber
of commerce. The meeting will
be in charge of the general or-
ganization and the speakers will
be announced next week. The local
entertainment committee will pro-
vide music.

Relief Fund Boost From Special Sale

R. G. McLellan and the mem-
bers of the American Legion are
cooperating in a unique sale to
be held at the McLellan Depart-
ment store next Monday. Mr.
McLellan became convinced that
there are from time to time many
cases of disabled war veterans in
Sierra Madre lacking in the ne-
cessities of life. Knowing that
the Legion post has done wonder-
ful relief work among these men
he volunteered in a novel method
of raising funds to help it along.

He told the Legion officers that
he would give ten per cent of
one day's sales for the purpose
and next Monday, October 3, was
agreed upon as the day. In or-
der to insure the largest possible
response from the public Mr. Mc-
Lellan actually reduced the prices
on many staple articles for the
day, regardless of the effect on
his own profits. Announcement
of the special sale is printed else-
where in this paper, with some of
the special offerings set forth. The
Legion's share will be 10 per cent
of the gross receipts for the day.

MORELAND MORTUARY IS REDECORATED

The Moreland Mortuary at 304
West Central Avenue has been
transformed by painting and dec-
orating outside and inside during
the past two weeks. The outside
work was done by Frank Bergien,
while the decorating of the in-
side was done by Hapgood &
Carlson. Chapel, reception room
and office were given appropriate
treatment which, with new dra-
peries installed, create a pleasing
atmosphere. Mr. and Mrs. More-
land are greatly delighted with
the outcome of the decorating and
will be glad to show visitors thru
the place, especially when they
are not under the stress of sorrow
which makes the visit a necessity.

The Unity Metaphysical Center
are announcing a series of Thurs-
day afternoon lectures to be given
at their meeting place in the Wo-
man's Club building. During the
month of October, Ethelind Lord
Campion, teacher and lecturer,
author of many poems and essays
will speak on "The Practice of
The Presence," as her introductory
lecture.

Post Office Building Is Attractive

New Site on South Baldwin
Ready for Moving Day,
Tomorrow

Fixtures of New Office Are of Most Modern Type Obtainable

Sierra Madre's new post office
building is ready for occupancy
and the post office will open for
business tomorrow morning, Octo-
ber 1, on South Baldwin Avenue.
Last night the building was open-
ed for inspection by Henry Isaacs,
the owner, and the public had an
opportunity to look behind the
scenes to gain a better idea of
how the mails are handled.

Tonight the last post office busi-
ness will be transacted in the
Caley building where the office
has been located for fifteen years.
The moving process will be com-
pleted during the evening, and
business will be resumed without
interruption tomorrow morning.

In the new building erected by
Mr. Isaacs the post office force
will have quarters equalled by
few offices regardless of size. For
attractive treatment, convenience
to public and to workers, light
and ventilation, the building
leaves little to be desired.
R. M. Finlayson was the archi-
tect for the structure. The build-
ing is approximately 35x35 feet
in size. With his usual good
judgment Mr. Finlayson has con-
trived to work out proportions
giving a feeling of size and dig-
nity befitting a building much
larger. The building is of brick,
laid on concrete foundations, with
exterior of stucco.

Against the delicate cream stuc-
co walls, the grey cast stone
framing the front entrance stands
out boldly. The pilasters at the
sides are surmounted by a mas-
sive lintel beam and ornamental
crown which make an impressive
effect. The doorway is recessed
so patrons can step in out of the
rain before taking down their um-
brellas. This alcove is treated
with panel effect and staff ceiling
with striking bronze and poly-
chrome treatment, and an attrac-
tive lantern is hung in the center.
On either side of the entrance is
a large plate glass window.

The spacious lobby will be a
welcome thing at busy times like
the holidays when the public
comes to the post office in large
numbers. The lobby is virtually
square, with abundant outside
light on the east and north walls.
As one enters the lobby the lock
boxes are directly in view along
the west side, so that patrons
can in most cases see at a glance
whether or not there is mail in
their boxes without walking across
the lobby.

Along the south side of the
lobby are the money order, stamp
and general delivery windows.
The entrance to the postmaster's
office is just at the left of the
front entrance. All the cabinet
work is of oak, with a grey green
antique finish.

The lock boxes are of improved
combination lock type. A single
dial two-number lock is used
which is believed to be fool proof
and as nearly thief-proof as such
a lock can be made. The post
office department had so much
trouble over depredations from
combination locks that they were
not accepted for new installation
for several years until this new
lock was developed. Only one
hand is needed for opening these
boxes, the bolt being drawn by
operation of the combination knob.
The working space for the post
office force extends all along the

Thayers to Leave Soon for the East

Mr. and Mrs. Donald Thayer
and family will leave for New
York on October 5, where Mr.
Thayer will enter upon a busy
season of concert work throughout
the east. They have been spend-
ing a delightful summer at their
ranch home near the head of
Grove Street since returning from
Italy where they spent the last
winter season. Mr. Thayer was
engaged in concert and dramatic
work as well as in study. His
eastern engagements will keep
him busy until June, when he ex-
pects to bring his family back to
Sierra Madre.

Mr. and Mrs. E. Doranti have
leased the Pratt bungalow at 258
North Mountain Trail. Mr. Do-
ranti is an employee of the
Fe railway.

SAVE THIS MONEY

MANY hundreds of dollars will be saved to the business community of Sierra Madre the coming year if the merchants make use of the placards which have been distributed this week by the secretary of the chamber of commerce. These placards read:

No donation, subscriptions or advertising considered without endorsement of the retail merchants' committee of the Chamber of Commerce.

This plan has been in operation at various times in the past, but has fallen into disuse this year, probably because the merchants have to be thoroughly stung about every so often to realize the need of protection. There is no desire on the part of anybody to exercise a censorship against any merchant spending his money as he pleases. But many fake advertising propositions get over because the merchant is politely blackmailed into putting his name on the dotted line when he knows his five dollars will be absolutely wasted.

Co-operative menu cards, organization calendars, community blotters, and fake periodicals are the propositions most commonly operated by the itinerant sharpers who carry away a rich annual toll.

Usually the business men or organizations supposed to be benefitted have no idea of the imposition practiced upon the business community. If the proposition has merit there can be no objection to submitting it to the chamber of commerce committee. Any solicitor who refuses to place his scheme before the committee is furnishing prima facie evidence of his own lack of belief in its worth.

LIGHT AND SIDEWALKS

CENTRAL AVENUE from Baldwin to Lima is zoned as business property. For a block west of Baldwin the street is fairly well lighted. Ornamental standards of good design have been installed. The lamp globes were as good as the market afforded when they were selected. A change of lamps and globes would give much better illumination.

But more light in this one block would only serve to accentuate the abysmal blackness of the region beyond. This fact was forcibly brought home to a great many people who have walked to the city park for the recent concerts. One lady who sustained a bad fall where the darkness failed to reveal the absence of a sidewalk was so indignant that she said she wished she had broken a limb or something so she could sue the city. "Believe me, I'd have done it, too, with a fine chance of collecting damages," she said. We may as well admit she is right, like any other argument with a lady. Only, in this case there is no argument.

Until Sierra Madre has sidewalks completed along Central Avenue and modern illumination on Central and Baldwin Avenues it will be frequently subjected to the hick village classification.

NOBODY RESPONSIBLE

HERE is something to think about before tragedy actually occurs in Sierra Madre. It is well stated by Bob Foote, Pasadena correspondent of Los Angeles Saturday Night:

"What Pasadena is facing in the menace of a bad limb is not unique here but is

true of every city which paints lines across the public streets, supposedly for the protection of pedestrians, and then quaintly terms them "safety zones," with little or no effort to make them such, in fact. A six-year-old boy, returning from his first week in school, anxious to get home and tell of all the wonders life is unfolding for him, is struck while crossing the street within one of these zones—and a coroner's jury finds the truck driver blameless! No matter what the extenuating circumstances of obscured vision from other vehicles, of confusion of the victim, theoretically a person within these zones is to be deemed safe from automobiles, as this little boy probably thought he was, indeed, may have been so instructed.

"Any person traversing Colorado Street, Pasadena's main thoroughfare, east of the business section and within these painted 'safety zone' crossings and still surviving, knows it is due to nimbleness of brain and adroitness of foot, rather than to any respect drivers show for these painted passages. Periodically, as was the case just before this latest fatality, the police chief issues warnings to motorists that they must give right of way to crossing pedestrians within these zones—and the autos continue to go smashing past.

"Perhaps, Pasadena has not enough police officers to enforce this ordinance. But a determined effort for a few days, with arrests and fines (not suspended), for offenders, might bring about a changed motor mind as to whether or not these colored lines mean anything."

THE WIDE-AWAKE TOWN

(Santa Paula Chronicle)

THE question whether or not a city is going to grow and develop, depends very much upon the impression which that city gives to the outside world and its own people. If the idea is created that it is a wide awake town, it will go ahead. But if the idea gets around that it is a sleepy sort of a place, then it is practically sure to stand still or fall behind.

Thus the development that a city has may come in indirect ways. The business men of the community may set out to accomplish some definite result, and they may fail to accomplish that very thing. But if in working for it, they have shown alertness and energy, they are going to give the impression that the place is wide awake, so that they get results that they had not expected.

A city must keep up with modern movements. It must have something of the same facilities that cities of the same size and wealth have, and if possible a little better. If such communities usually have good school equipment of a certain type, it needs to have something equally as good. If it fails to do so, the idea spreads among parents that the town is slow.

If the business men of a similar city do a certain amount of advertising and pushing of sales campaigns, and make certain efforts to draw trade from the surrounding territory, it is necessary to do somewhat the same thing and possibly do it better.

A world of good is accomplished by having a good business association of the chamber of commerce type. If such an organization is working all the time to get advantages for the community and to remove obstacles that lie in the way of development, then a favorable opinion is created. Also a city is judged a good deal by the newspaper or newspapers it publishes. If they are newsy and contain a lot of store advertising, it looks to the public like a live place, and people come to trade there and are mighty glad to get a chance to live there.

Another Smile

A voice across the telephone
Can make or mar the day.
Be careful of the tone you use,
And think of what you say.
Your pleasant smile may not be seen,
Or known your kindly heart,
For people at the telephone
Are often miles apart.
Then sow a smile and reap a smile
And in the end you'll find
That nothing pays more interest
Than the art of being kind.

Consistency

A Los Angeles paper carried a front-page editorial concerning the brutalizing influence of prize fights, saying they MUST be prohibited. The next day the same paper ran a full page of pictures and details of the latest bout.

The newspapers of the nation have made prize-fighting what it is by giving it millions of dollars worth of free publicity. They could "kill" it over night by refusing to open their columns to prize-fight "news."

The best way to escape heavy punishment for committing anything from a simple tort to a major crime is to be—or to have been—a police officer. A prohibition agent, under the influence of liquor, ran headon into an automobile, killed the driver and maimed the driver's wife—and got a sentence of from three to ten years. When officers sworn to uphold the law are found violating it, they should be given double or triple penalty.

Your voice to millions

THE telephone has truly become a symbol of universal service. The far flung network of voice highways, connecting 18,000,000 telephones in over 70,000 cities and towns throughout the United States, has woven the fabric of friendly business and social relations, not only in the cities themselves but has bridged the distance between cities and made America a nation of neighbors.

And now your voice, from your own telephone may travel to any one of millions of people in the United States, England, Scotland or Wales—with speed, economy and satisfaction.

Return from Extended Trip Thru States—

Dr. and Mrs. W. D. Tiller and little daughter, Martha Edna, have returned from an extensive trip of three months spent in several states of the Union. Although they covered a great deal of territory, having toured 9078 miles, they didn't make the trip a strenuous one. In fact, according to Mrs. Tiller, they weren't even so much as tired upon their arrival here. Mrs. Tiller, however, has been somewhat ill the past few days, her condition not being serious.

The itinerary consisted of many points of interest and in several places they visited relatives and friends. Dr. and Mrs. Tiller and Martha Edna toured first to Arizona where they stopped at Phoenix and the Grand Canyon. New Mexico and Texas proved interesting, too. In Oklahoma they visited Dr. Tiller's mother and sister, Mrs. Anna Tiller and Mrs. F. L. Haynes in Miami. They particularly enjoyed the Ozark Mountains in Arkansas, where they camped on the Stavinaw River. From there they continued to Kansas City, Rochester, Minnesota and to St. Paul and Minneapolis. A few days were spent in Denver, after which they toured the northwestern section of the state to enjoy the splendors of the Berthoud and Rabbit Ear passes. In Idaho they visited their old home, journeying on through eastern Oregon, taking the Columbia Highway through the southern part of the state and continuing thru Northern California and on home.

Dr. Tiller, who had been suffering from a nervous breakdown previous to this trip, returned home in an improved condition. At Rochester, Minnesota, he spent several days at the Mayo Brothers clinic where he had a complete physical examination, and was assured that his condition, with the exception of his nerves, is perfectly normal.

Comrades to Have Paper Drive—

The Comrades Club of the Congregational Church, will have a paper drive tomorrow under the leadership of Fred Lalone, and everyone is asked to assist the boys, by donating whatever papers they can. The club has pledged \$500 to the building of the new church and it is their intention to use the money raised in this way for that fund. Anyone desiring to get in touch with the boys, may do so by communicating with one of the officers, Preston Schwartz, senior comrade; "Chubby" Tarr, junior comrade; Charles Hull, secretary; or Lynwood Zeller, keeper of the keys.

Dinner Guests Tuesday Evening—

Miss Marian Harleman accompanied by her friend, Miss Margaret Cronk of Santa Monica, who are in training at the Pasadena Hospital, were the dinner guests Tuesday of Miss Harleman's mother, Mrs. Susan Harleman of 50 South Hermosa Avenue. Miss Harleman expects also to spend this week end here.

Mrs. M. E. Richards who formerly owned the Richards Bake Shop on North Baldwin Avenue, left yesterday, via train, for Indianapolis, Indiana, where she will visit Miss Dorothy Morelan, who left here only a short time ago after being the guest of Mrs. Richards. It is also Mrs. Richards' intention to visit relatives in Pennsylvania and Ohio.

Auxiliary to Serve Dinner—

The American Legion Auxiliary will serve a dinner for the American Legion Thursday, October 13, at 6 p. m., in the Congregational church, a nominal fee being charged. Mrs. Blanche Muskrath is in charge of arrangements. As this dinner is being given on their regular meeting night, it will be followed by the annual installation of the Legion. The Auxiliary will probably hold its election, also, the following being a list of the nominees: Mrs. Helen Hill and Mrs. Vera Stewart, for President; Mrs. Libby Welscher, first vice president; Mrs. Nina Rallsback, second vice president; Mrs. Elva Reavis and Mrs. Mabel Medley, secretary; Mrs. Elva Layton, treasurer; Mmes. Maggie Steinberger, Hortense Hill and Florence Bennett, chaplain; Mrs. Vera Moreland, musician; Mrs. Thyra Ishoy, sergeant at arms; Mrs. Ora Olsen, Miss Elizabeth Steinberger and Mrs. Helen Hill, executive committee.

Card Part at St. Rita's Tuesday—

All who play bridge and 500, and all who would like to play these games, will be glad to know that there will be a card party Tuesday evening, October 4, at St. Rita's Auditorium. There will be tables for beginners as well as tables for those who already know how to play. Not only that, but there will also be a prize for the beginners, prizes for other players, a door prize and a non-players' prize. Games begin promptly at 8:15 o'clock.

Return to Reside In Sierra Madre—

Mr. and Mrs. George Almond, their son, George Winslow, and Mrs. Almond's father, Joseph Chadwick, have come here from Long Beach and are living on the Churchill Ranch, where Mr. Almond is in charge for Mrs. Z. L. Parmalee. Four years ago, the Almonds were residents here, at which time Mr. Almond was affiliated with the Mt. Glen Healthatorium. They are contemplating remaining in Sierra Madre permanently.

Mrs. Muskrath Guest of Honor—

Mrs. Blanch Muskrath, who returned recently to Sierra Madre after spending three months in the east, was the guest of honor at a reception given by the American Legion Auxiliary last Thursday night at the Park House. Goodfellowship prevailed during the whole evening, which was spent visiting and playing cards. Mrs. Donald Thayer, who accompanied her husband to Italy where they resided so that Mr. Thayer might study music, gave a very enlightening talk on that country.

Annual Guild Meeting Next Friday—

The annual meeting of the Woman's Guild of the Church of the Ascension will meet on Friday afternoon, October 7, in the Parish House at 2:30 o'clock. All members are requested to be present.

Mrs. Lillian Perrin of Los Angeles, who was the guest of Mr. and Mrs. R. B. Hosford at Fern Lodge for two days, was accompanied down from the mountains by Mrs. Hosford Sunday afternoon. Mr. Hosford made the trip Monday morning and he and Mrs. Hosford will remain here a fortnight.

Mrs. L. Dietz returned home Tuesday after a three month's sojourn at Ocean Park, where Mr. Dietz spent week ends.

No lock could be safer! One turn of the key locks both ignition and steering wheel. But merely turning off the ignition does not lock the wheel. You may shut off the engine and coast, if you like, and still have your car under perfect control.

To the People of Sierra Madre:

In the planning and building of the new Sierra Madre Post Office I have tried to provide something which would be a credit both to our splendid, growing city, and to the importance of the post office department. I have tried to provide everything necessary for the convenience of the public and for the efficiency of our excellent post office force.

You are cordially invited to visit the new building and judge how well these plans have been carried out. I want to express my appreciation to the architect, contractors and workmen who have labored loyally to produce satisfying results, and also to thank those citizens who have taken the trouble to express their commendation of the new building while in course of construction.

Chiropractic Health Talks

By Dr. Harold Elk

COLDS

Colds are more an indication of the bodily condition than they are a disease in themselves. Colds are an accumulation of poisons in the body. The amount of poison which is accumulated and the rapidity with which it is formed determines the frequency and the severity of colds. The kidneys, bowels, skin and lungs eliminated these poisons. Anyone of the excretory organs may cause a cold by not eliminating the poisons.

When an organ fails to function properly it is due to a lack of vital energy. Vital energy comes from the brain to the excretory organ over the nerve system. The organ is all there; none of it has been taken away. The materials which go through the organ are supposed to pass thru it. Compare the kidneys to an electric motor. With a diminished amount of current the motor cannot do the work it is supposed to do. With a diminished amount of vital energy the kidneys cannot rid the body of poisons.

Colds weaken the resistance of the body, making it more susceptible to disease. Herein lies the great danger of colds. But there is no need to suffer with a cold. There is a natural way to build the resistance of the body. Remove the pressure from the nerves, permitting the vital force to get through, and nature restores the body to a normal, healthy condition. That is the Chiropractic way.

NOTICE

Beginning tomorrow morning we will solve your health problems at 49 South Baldwin instead of 71 North Baldwin. The new location is the second house south of the new post office. Mr. Isaacs Thanked By Directors

The directors of the chamber of commerce paid their compliments to Mr. Isaacs and the new post office in resolutions of appreciation which were embodied in a letter as follows:

September 29, 1927.
To Henry Isaacs, Esq.,
Sierra Madre, Cal.

Dear Sir:
The Sierra Madre Chamber of Commerce Directors, at a special meeting, held on September 2, 1927, adopted the following resolutions:

Whereas, Henry Isaacs, Esq., has erected the United States Postoffice building on Baldwin Avenue, that is a great credit to the city of Sierra Madre, therefore be it

Resolved; that the Sierra Madre Chamber of Commerce extend to Mr. Isaacs an expression of appreciation for his enterprising foresight in erecting a building that will stand out as a credit to the community in the future to come, and be it further

Resolved; that this resolution be spread on the minutes of the organization, a certified copy be handed to Mr. Isaacs, a copy published in the Sierra Madre News.

W. R. Hunries,
President,
Gordon Br.
Secretary,
Sierra Madre Chamber
of Commerce.

Interesting Program For Garden Party

Mrs. Torrey Pratt, chairman of the Southern California committee to help rebuild Tsuda College of Tokyo, Japan, will have a garden party at her home, 21 Arden Road, Pasadena, Saturday, Oct. 1, from 2 to 6 o'clock.

Thomas R. Fleming of Long Beach will give an exhibition of Japanese prints on the terrace. A Japanese play, "Falling Leaves," will be presented under the supervision of Mr. Nagasawa, author, and there will be Japanese archery, jiu-jitsu, Japanese dancing and Japanese games. Mme. Nambu, the nee "Madame Butterfly," will give a number of songs. Japanese concert officials will attend.

The money from ticket sales will go to the rebuilding fund of Tsuda College, which was completely destroyed in the great earthquake of 1923.

Tsuda College was founded by Miss U. Tsuda in 1900. Miss Tsuda is educated in the United States, graduating from Bryn Mawr. At the time of the earthquake the college was ready to receive over three hundred students. The estimated cost of rebuilding is \$500,000 and the quota for the Southland is \$10,000, of which Pasadena is trying to raise \$300. Miss Mary Gleim of Sierra Madre is a member of the Pasadena committee. Friends of the college from Sierra Madre will be present at the garden party on Saturday.

To help raise this fund will be a friendly gesture toward our neighbor across the Pacific and will foster the cause of international good feeling now so important to all citizens of our country, especially to California, whose will for peace is strong and vital. Tickets may be had from Mary Agnes Gleim, 241 East Grand View, Sierra Madre. Telephone Red 129.

SCHOOL LUNCHEES

School lunches must be thought in terms of well-nourished children. Whether feeding "blue-ribbon" chickens or "blue-ribbon" children, the rules are the same. The school lunch should be as well planned as the other two meals eaten at home.

A child is unlikely to be adequately fed if he chooses food with no knowledge of what to eat, no matter how excellent the cafeteria. Children of elementary schools especially need help in selecting their lunches.

The plate lunch for a flat rate is the best solution for young children's lunches. By such a plan, only are they certain of getting enough of the right kind of food every noon. Undirected choosing often results in the child's buying expensive sweets or an unbalanced ration of potatoes, gravy, roll, ice cream and candy.

A nourishing cream soup, sandwich, vegetable and desert could be had for the same money.

The "lunch work" is a very important part of teaching health in the schools. Food is not alone provided, but also the opportunity to teach children how to eat for health. The lunch-room teacher is a valuable addition to the faculty. New habits and new tastes are formed when an understanding director teaches children what fun it is to eat right. Being a good selector of food is as splendid a distinction as being a good speller.

Food must always be well cooked and attractively served to keep children eating up to par. Poor cooking will spoil the reputation of any good dish. A child will not eat food just because he needs it. Children as well as adults "buy by eye." Food that is good for them must look good to them.

A child learns social habits as well as food habits in a well ordered cafeteria. He is less apt to bolt his food and rush to play when seated with an interesting

social group of his kind. The child's eating always needs direction. He cannot eat just as he pleases even one in three meals during his school years and having good food judgment and good eating habits.

Big Features Coming Soon To Wistaria

Manager Meyer of the Wistaria Theatre has booked some splendid features for the local screen during the coming weeks. Keep your eye on the Wistaria schedule if you want the best of the silver-sheet entertainment with a maximum of convenience.

For instance, this week's bill closes with "Shanghai Bound," which is reported by fans to be one of the best films sent out this season. The scene is laid in the orient and deals with the Chinese revolution, with U. S. secret service operatives furnishing thrills galore. A delightful romance runs through the picture and humor is not lacking. It is a splendid picture.

Tim McCoy, who was last year introduced to the scene, will be seen at the Wistaria Sunday and Monday in "California," a Peter B. Kyne story based on the American conquest in 1846. McCoy has the role of an American marine officer while the leading feminine role is taken by beautiful Dorothy Sebastian.

Unfolding a superbly enacted romance of the West in which Fred Thompson again reaps a lion's share of screen honors, "Silver Comes Through," which opens Tuesday, has scored heavily in the esteem of screen followers. As for thrills this latest of Thompson's starring vehicles drops a veritable barrage of scintillating action on the screen.

"Madame Pompadour," fourth of the British National Pictures to be released in the United States by Paramount, will be the Thursday feature. As in the preceding three, "Nell Gwyn," "London" and "Tip-Toes," scintillating Dorothy Gish is the star. Antonio Moreno plays the featured romantic male role.

Leaves For School Work In Florence

Mrs. Laura Stevenson, who left last week for Florence, Italy, accompanied by her niece, Miss Edith Hawks, conducts a school for girls which is unique in many respects.

The Home and Travel School is situated within the city, altho the open country is near by. The needs of each pupil are studied and courses are planned to coordinate the knowledge already attained with the new experiences of life abroad. The daily routine is not too minutely planned but that some latitude is allowed for individual expression. At the same time there is personal supervision and chaperonage. Mrs. Stevenson has had experience in girls' schools in America. She has lived abroad over considerable periods of time and has traveled widely, and has studied educational systems in England and America. She is assisted in the management of the school by Miss A. T. Ellison, from the University of London. The languages are taught by the best of native-born French and Italian teachers. History and literature, with special reference to Italy, form part of the recommended course of study. In art history emphasis is placed on appreciation of the great masters.

Two days a week are given to sight-seeing, one day in the city and one day outside of Florence. In the autumn the students visit Naples, Capri, Sorrento, Amalfi, LaCava and Pompeii. During the Christmas holidays there is a two weeks' trip to Rome, Assisi and Perugia.

At Easter the trip includes visits to Ravenna, Venice, Milan and Padua. Besides these longer journeys there is ample opportunity during the school terms for excursions to Siena, San Gimignano, Pisa and places of interest in and near Florence. At the end of the year the students are taken through Switzerland and France to Paris, sailing from an English port, so that London and places of interest in the south of England can be visited. The session commences at the date of sailing early in October and ends in June.

Interesting News Notes from Sierra Madre Canyon

At an out-of-door bridge party given at the home of her sister, Mrs. D. A. Hawk, Mrs. Vida Cornelius entertained three tables on Thursday afternoon. During the course of the entertainment delightful home made refreshments were served by the hostess. Those present were Meses. J. F. Key, A. L. Phelps, A. J. Dewey, C. L. Hoover, M. J. Emmerich, Carl Young, E. E. Bacon, R. S. Corlett, L. E. Wheeler, E. A. Anderson, D. A. Hawk and Miss Emma Emmerich. Mrs. Cornelius left on Tuesday to spend the winter with Mrs. Hawk's daughter, Mrs. F. A. Strock, at Sacramento.

Mrs. J. M. Maguire and Mrs. E. Irwin of Los Angeles are guests at Cadmus Villa for a month.

Mr. and Mrs. Charles G. Rhoads of Los Angeles and Mrs. T. D. Evans of Tulsa, Oklahoma, are occupying Virge Inn for a week.

On Wednesday, Mrs. A. M. Croxson, a former Canyon resident now living in Los Angeles, entertained the following canyon folks at her new home: Mrs. Frank E. Cox, Mrs. W. J. Stevenson, Mrs. L. S. High, Mrs. W. B. Corum and Mrs. Jim Heasley.

Mrs. Carl Miller of Long Beach is entertaining Mrs. L. Wilbur of that city at her canyon home, Idle-a-While. They will remain for a week.

Mrs. E. A. Anderson spent Friday in Los Angeles where she was joined by her daughter, Mrs. H. B. Paisley and her sister, Mrs. Myrtle Held of Long Beach. After a luncheon and theater party they returned to the canyon where they remained as guests at the Anderson cottage, "Lone Pine Inn."

Mr. and Mrs. William M. Peek of Long Beach are enjoying a short vacation in Bellevue cot-

tage on Woodland Drive. Mr. Peek is the senior member of the undertaking firm of Peek and Son.

Mrs. S. E. Wheeler and her brother, Ed Harrington, are spending a few days at their cottage on Alta Vista Drive.

Mr. and Mrs. C. F. Gilmore of Audubon Court, spent Wednesday at Long Beach at the Methodist Episcopal conference held at the First Methodist Episcopal Church of that city. Mr. and Mrs. Gilmore are delegates of the Lay Association from the Hartzell Memorial Methodist Church of Pasadena, Mr. Gilmore acting also as delegate for the Lay Electoral Conference.

Mr. and Mrs. J. Marion Jones of Venice are occupying their cottage on Alta Vista Drive. They plan to remain in the Canyon for some time.

Mr. and Mrs. Ed. Jones of San Pedro came up on Wednesday for a little visit to Sierra Madre. They have taken a bungalow in Belle Vue Court which they will occupy from time to time during the fall. Although pretty thoroughly wedded to the harbor district where Mr. Jones is proprietor of the Pacific Printery, they are very fond of Sierra Madre by reason of their frequent visits over a period of many years.

Girls to Hold Sale of Cooked Food.

The Ekolela Camp Fire Girls will have a cooked food sale Tuesday afternoon, October 4th, after school. The stand will be on Kersting Court and the girls trust that everything will be sold quickly. This sale is the initial effort of the girls to raise money for the grading of the lot on North Auburn at Olive Street, which the city has turned over to them for camp fire and general playground purposes. This property will be planted to trees and shrubs and will be a decided improvement to that part of town. Many donations have already been received from interested persons and if anyone else wishes to help put this over, their assistance will be gratefully accepted. Guardian of the group is Miss Clara Sykes, 91 West Highland.

Mr. and Mrs. James A. Hays of Tacoma, Wash., have been visiting the past week with Mrs. Fred Staff who is a sister of Mr. Hays. The latter is the representative of the New York Life Insurance Company in Tacoma and is also prominent in civic affairs there.

Congregational Church

A communion service will be held at 11 o'clock next Sunday. Mr. Pritchard will speak on "Fellowship."

"The Life and Religion of Jesus Christ" will be the topic of the evening sermon. This will be the first of a series of talks on the topics. This one has to do with the relation of science and religion.

The Church School will meet at 9:30. Classes will begin the regular fall work.

Prayer meetings begin next Wednesday at 7:30 p. m.

Mrs. Bradley Metcalf entertained on Tuesday afternoon with a bridge tea, this being the first of a series of three which is planning for the near future.
